Behind Its Average Time. TROPICAL FRUIT IN GOOD REQUEST

Home-Raised Garden Stuff Is Far

The Hide and Calfskin Market Still Favorable to the Buyer.

A BOSTON VIEW OF LEATHER TRADE

OFFICE OF THE DISPATCH, PITTSBURG, SATURDAY, MAY 14. In general produce lines the week past a steady improvement in quality of new vegetables offered, and with the gain in quality a decline in prices. Home raised parden stuff has been delayed by untimely

cool weather. The enforcement of laws against oleo has had the effect of stiffening markets in the line of choice creamery butter. The average consumer seems to prefer the imitations to anything below first class genuine goods.

Large quantities of country butter and Ohio
creamery have been coming to our markets

SHORT RISS. creamery have been coming to our markets of late which can only be sold at a sacrifice. Receipts of bananas for the week past were ess than one-half of the previous week. As a result of the decline in receipts markets are firmer. Choice oranges are also firmer, with a good prospect of an advance in prices. All the week there has been an inusual scarcity of poultry with a strong tendency toward higher prices.

Garden Stuff. Home-raised garden stuff is not less than three weeks behind its usual time this season. Asparagus and lettuce are about all the stuff raised outside of green houses coming to market from the nearby gardens. Supply of home-raised asparagus did not ove equal to demand on Saturday, At he Diamoud Market stalls all offered was the Diamond Market stalls all offered was gobbled up in the early morning. So far as could be learned the frosts in the early part of the week did no damage to our hearby gardens. New corn and beans are now from two to three inches above ground, and prospects are thus air good for a good crop. The early oberry trees in this neighborhood are for the most part out of bloom, and the days of the chart. flower has given place to the cherry. All signs point to a good crop in this line. All that is now wanted by our gardeners is a lew weeks of bright, warm weather.

Hides and Calfskins. The movement in this line continues dull and slow with sellers more eager than buy-ers. Caliskins, which have been firm and active all season, until the past week or two have lost their buoyancy, and are now about as weak as hides. While there is no change in our price list, a continuance of the present dullness must inevitably bring markets to a lower level. Sheepskins are fairly steady

Following are prices paid by dealers and anners for stock delivered here: ligreen salted steers, 600s and over,
ligreen salted steers, 600s and over,
ligreen salted steers, all weights,
ligreen salted hides, 40 to 600s.
ligreen salted hides, 25 to 400s.
ligreen salted bulls,
ligreen salted to bulls,
ligreen salted veal kips,

Reduction for No. 2 stock, 134 cents per h on steers and light hides, 1 cent on bulls and 2 cents on callskins. Shoe Leather Outlook.

Following is wint the Boston Herald has to say of the late combine to curtail products in this time: The action of the sole leather combination, threatened to be followed by a com-bination of upper leather tauners, seems to have come at rather an unfortunate time for have come at rather an unfortunate time for boot and shoe manufacturers, in that it is soo much between seasons. The jobbing rade is claiming and will claim the opening prices of the senson on all the goods they will order for the fall season, no matter how sigh leather may go, and manufacturers who decline to sell at such prices are going to meet with a good deal of dissatisfaction, even amone old customers. Former prices will be claimed by the jobbers on all goods made from samples they have now in hand, and if matufacturers demand an advance it is going to be hoty resisted.

print order for the fall season, no matter how dight leather may go, and manufacturers die decline to sell at such prices are going meet with a good deal of disattisfaction, ven among old customers. Former prices libe claimed by the jobbers on all goods aide from samples they have now in hand, all if matufacturers demand an advance it going to be hortly resisted.

The sole leather combination is not genery pleasing to the manufacturers of boots I shoes, and some of them will quietly reary advance in prices. Some of the rest houses in the boot and shoe business have from \$0 to 100 days stock of sole her on hand, and, if any considerable adce in prices is attempted, these manurars say that they shall retrain from ing. It has been their policy for some to the month, 21,000 and 11,000 and 12,000 and 12,000 and 13,000 and 14,000 and 15,000 say that they shall refrain from it has been their policy for some buy leather as they have wanted it, to take advantage of the necessities the tanners and secure leather at low fig-res by taking large lots, and they are not oing to give up this policy without a strug-

here is a great deal of anxiety concern-"There is a great deal of anxiety concerning the action that will be taken by the upper leather fanners this afternoon. Already there is more inquiry for several grades of upper leather, and considerable sales are noted at full prices, and if the meeting results in an arrangement to curtail production of to stop it altogether for a given length of time, the result must be a still stronger market. The most difficult part of the problem seems to be involved in the fact that great quantities of leather are being sold here from the big tanneries in the West. But one report says that these Western tanners will also be willing to enter into an agreement with the Eastern tanners."

Vhen Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria.

sideration to grain traders Saturday. Many sections in North Dakota reported the weather greatly improved and wheat seeding very generally resumed. There was a growing feeling that the danger post in seed-ing had not yet been reached, but that if it can be finished in the next week or ten days there will be little cause for alarm. Thi evening wheat, compared with last, was 160 lower; May corn is up 1/c, while July shows See decline; onts are down Mc, pork 10c, lard Mc, and ribs 5c.

The leading futures ranged as follows, as corrected by John M. Oakley & Co., 45 Sixth street, members of the Chicago Board of Trade:

PACIFICS ALL SICK

Heaviness Rules the Stock Market-Tennes see Coal One of the Weak Points-A Few Shares Rally Slightly Before the Close-

Bonds Quiet. New York, May 14.—The stock market to-day was heavy to weak in all its depart-New York, May 14.—The stock market today was heavy to weak in all its departments without apparent adequate cause, and
while there was a steady pressure of long
stock in Union Pacific, Northern Pacific preferred and some of the Granger roads, the
principal agent in the depression was undoubtedly, a renewal of bear raids without
support in anything but a few specialities.

Union Pacific and Northern Pacific preferred were to-day sold down to the lowest
points in years. Missouri Pacific was
another weak point, as well as Tennessee Coal, but the great majority of
the list moved off very slowly, and
final losses are in but few cases
of importance. The natural upward
tendency of prices was demonstrated in the
early dealings, when prices advanced
slightly, despite the dullness and a selling
pressure from London; but the bears quickly
got to work upon the market, and declines
from the best figures were extended to 2 per
cent in Manhattan, while most of the leading shares receded large fractions.

There was no cessation of the pressure,
though some stocks railled partly in the
late dealings under the covering of the
more timid bears. The market closed heavy
to weak at or near the lowest prices. Among
the active stocks, Union Pacific lost 1½ and
Missouri Pacific l per cent, but other losses
were fractional.

The following table shows the prices of active

Missonii Factional.

The following table shows the prices of active stocks on the New York Stock Exchange yesterday. Corrected daily for THE DISPATCH by WHITNEY & STEPHENSON, oldest Pittsburg members of the New York Stock Exchange, & Fourth avenue. Open High Low- Clos ing ling. est, est, bid.

HOME SECURITIES AND CASH.

Incidents of the Past Week in Local Specu lative Circles. While there was no special animation in local speculative circles during the week, enough was done on 'Change to hold the trading contingent together and give encouragement for the future. There were

some new faces among investors. Office

business especially in traction bonds, was better than usual. While prices slumped a little at the final call, there were no breaks. Stocks closing call, there were no breaks. Stocks closing higher for the week are Manufacturers' Gas 1/2. Citizens' Traction 1. Pittsburg Traction 1/4. New York and Cleveland Gas Coal 1/4. Luster 1/4. Those closing lower are Chartiers and Pipeare 1 each, old Electric 1/5. Switch 1/4. Underground Cable 1/4. Central, Manchester and Birmingham Traction also made concessions from the highest point reached by them. Duquesne finished at about the best.

Sales Saturday were 70 Citizens' Traction at 6234, 100 Chartiers Gas at 111/4, 10 Pipeage at 113/4, 20 Luster at 93/4, 20 Birmingham at 25/4, and 25 at 23. Sales for the week were 4,816 shares, and 29,000 bonds. Birmingham Traction led, with 1,625 shares, followed by Duquesne with 1,045. Office sales of traction bonds were large.

Duquesne with 1,045. Office sales of traction bonds were large.

Final quotations for the week on the unlisted tractions were: Birmingham, 28 bid; Manchester, 44% bid, offered 45; Duquesne, 29% bid, offered 29%.

The local money market passed the week without special change in any department. Funds were abundant and the demand light. Under such a coudition stiff rates could hardly be expected, and there were reports of loans as low as 4% per cent. The bank rate was nominally 6. The Clearing House report tollows:

THE DOINGS OF A DAY.

A Bad Market in Which to Either Buy or Sell.

Trading was conspicuously lacking in aniisfactory to sellers and offered no inducements to buyers. Carrying charges swa lowed up profits.

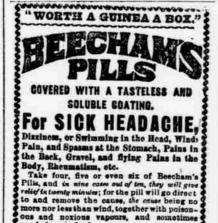

One of the bearish influences was greater Russian competition. It was said consump tion in that country had increased 4,000,000 gallons in the last five months. The advance n Lima oil was also a wet blanket. In ad dition to these the pipe line report showed a comparatively large gain in stocks. In fact, there was nothing to encourage inves-tors. Fluctuations are given in the sub-

cases of restlessness at night, and nervous diseases generally, and also in cases of indi-gestion caused by lack of sufficient gastric juice of the stomach, with marked success and consider it one of the best remedie known to the professional world."

A bar to happiness is a bad breath, both in man and woman, and many a good catch has gone a-sailing on account of it. Are you troubled with it? The general cause of it is a disordered stomach; at least ninetynine cases out of one hundred can be traced to that cause. There is a sure and certain cure. That is regulate your stomach and make it strong and healthy. Nothing will do this so permanently or quickly as the genuine Carlsbad Sprudel Salts. Every drugstore has them. The signature of Eisner & Mendelson Co., N. Y., Sole Agents, will be found on every bottle. Look out for imitations. M

#### The Great American Hog

Is welcome abroad once more, and abroad he may go. As long as Lard was a requisite in every kitchen, the Great American Hog was highly esteemed at home; but now that modern science has introduced

### COTTOLENE

the new vegetable substitute for Lard, poor Piggy's occupation's gone.

The reason for this is threefold. COTTOLENE is cleaner, healthier and much more economical. A trial has convinced thousands as to this. It will convince any "convincable" person. Will you be convinced?
